THIS DEPARTMENT WILL TREAT OF THE WORLD'S SPORTS EVERY SUNDAY AND THURSDAY.

## 2--IOLANIS TIE MAILES--2

The "Hootmen" held their final game of football at the park yesterday and the game proved to be of the hair-raising sort. For one hour of good solid play the game wavered, neither team at any time having a "cinch." The Mailes were the first to score and for a while things looked bad for the blue and white, but when little Woo was given a free kick he sent the ball fairly between the posts and Iolanis took a boom. Up to the very last second the game was in doubt and either team, by a well directed kick, might have won.

Owing to the weather a small crowd turned out to witness the game, but those who did brave the threatening clouds were certainly repaid. The game as yet has not become popular with the sport loving public of Honolulu, but if this variety of ball is continued it will certainly soon have a large following.

The Mailes appeared in the field in their regulation costumes of green and gold, while the Iolanis wore light blue shirts and white trousers. They put up a striking appearance against the green grass of the field.

The Mailes won the toss and chose the south goal, with the wind in their favor. The Iolanis kicked off promptly at 3:45 and the players lost no time in getting busy. At first the Iolanis seemed to have a shade the better of the argument and worried their more experienced antagonists. It was not long, however, before the ball was crossing and recrossing the center of the field, showing that neither had any great advantage. For the whole first half it was nip and tuck, with the ball first in front of one goal and then the other. The boys played for all that was in them, but try as they would,

neither could boot the sphere through those posts and into the net.

In the second half there was a slight change of positions, much to the sorrow of the Mailes, for it cost them the game. Soon after the kickoff, before people knew what had happened, Grigg passed to Davis on the left wing, who centered to Churton; Churton, by a well placed kick, sent the ball fairly between the posts for the first score.

It was not long, however, before the Iolanis had the pigskin in a dangerous position, with every one along the touch line shouting "Shoot! Shoot!" Then the goal keeper, who had been transferred in the beginning of the second half, touched the ball. This was a foul and the Iolanis were allowed a free kick. Woo was the lad to do the business, and by a clever piece of work, he sent the ball through Belsler's hands and scored, amid the shouts of the delighted spectators.

Shortly after John Anderson caught the ball fairly on his head and in beautiful shape sent it in for the second score. This put the blue and white to the good and the tide of battle turned. Three minutes before time was called for the second half the Mailes scored for the second and last time, thereby making a draw of as pretty a game as one would wish to see.

Following is the way the teams lined up:

**IOLANIS.**  
Goal—E. Kellett.  
Backs—J. Kellett, Freeth.  
Halves—M. Anderson, J. Anderson, Gleason.

Forwards—Kea, A. Williams, Campbell (captain), Woo, Fernandez.

**MAILES.**  
Goal—Beardmore.

Backs—McGill, R. Anderson.  
Halves—Belsler, Guild, White.  
Forwards—Churton, Catterall (captain), Greig, Foster, Fiddes.  
Referee—F. Waldron.  
Linesmen—P. Morse and Ed Monroe.

## Golf Club Meets.

The executive committee of the Ma-noa Golf Club met at the Young Hotel on Wednesday. Many important resolutions were passed whereby the club will be greatly benefited.

It was decided to erect a low single wire fence around the second and sixth greens, thereby keeping the cattle from tramping the sod. This will greatly benefit the putting.

An earth bunker is to be placed about a hundred yards in front of the second tee. This will cover the line of rocks that now causes so much trouble in obstructing and losing balls. It will prove a welcome addition to the course. The greens committee was increased in membership. There has been much complaint by the members in regard to the condition of the greens and it was thought advisable to increase the number, so that there would be more help in advising on the work. With the larger committee one or more members of it will be on the course daily.

The committee now consists of the following: D. W. Anderson (chairman), W. W. Thayer, Harold Giffard, Major Fuller and F. C. Sheldon. One member of the committee will have charge of the course each week and the links will be kept in the best possible condition.

A vote of thanks was extended to J. G. Spencer and D. W. Anderson for presenting golfing pictures to the club. The pictures have been hung on the walls of the clubhouse and have proven quite attractive. It is proposed to request the lady members of the club to make curtains for the windows of the clubhouse, as well as other things that may be used to make the clubhouse more homelike.

Mrs. A. H. Turner and Miss N. L. Center were elected members.

## Will Hold Smoker.

The Honolulu Football League is to hold a smoker on or about the 21st day of the month. A general good time is to be had and the men who tried so hard to put each other out of commission on the gridiron will make merry over the pipe and wine glass.

It is proposed to have the affair held in the H. A. C. club rooms on King street. An elaborate programme will be arranged and everything done to give the pig-skin chasers a "hot time." The championship banner will be presented to the victorious Maile team. This is the first time in the history of football here that a prize has ever been given and the boys wish to make an event of it.

The past season of 1904 has been perhaps the most successful one since the introduction of football in the islands. The receipts show an attendance almost double that of the previous season. There was more interest manifested and indications are that the game will become more popular year by year as the public becomes more familiar with the play.

## The Ring.

It is almost an assured fact that the local sports will have another chance to see fights between McFadden and Modlin and between Huihui and Ryan. As yet no articles have been signed but each man has declared himself as willing and ready to box. There is much discussion going the rounds as to who would have the better of the matches were they to go ten rounds instead of six. Everybody has his

choices and the only way to do is to let them have it out and settle the question for good.

There are many new boxers springing up these days and it will not be long before Honolulu will have some "champs" of her own. Scott and Sallor Moreh have signed to box and are waiting to be put on the same night as the other two big fights. The attraction will probably come off at the Orpheum, when another large carnival takes place. The sports are anxious to see some more good square boxing such as was held at the last show.

## Girls' Basketball.

The first game of basketball of the Girls' League will be played on the 14th of this month. Two games will be played each day on the high school grounds.

The league will be composed of four strong teams and some interesting play is looked for.

Following is the schedule for the season:

January 14—Punahou vs. Normals, 4 p. m.; Y. W. C. A. vs. Kams, 4:45 p. m.  
January 21—Kams vs. Normals, 4 p. m.; Punahou vs. H. H. S., 4:45 p. m.  
January 28—Kams vs. Punahou, 4 p. m.; Y. W. C. A. vs. H. H. S., 4:45 p. m.  
February 4—Kams vs. H. H. S., 4 p. m.; Y. W. C. A. vs. Normals, 4:45 p. m.  
February 12—Normals vs. H. H. S., 4 p. m.; Y. W. C. A. vs. Punahou, 4:45 p. m.

THE SIMPLE LIFE.

## Camp's New Rule.

Regarding the suggestion that, instead of the ten-yard distance in three or four downs, six yards or seven yards be utilized in three downs, the Easterners thought it would not be as effective in the public mind as the ten-yard scheme.

Camp thoroughly favors the 1902 rules, which, he believes, permitted more light men on a team than any other system used in the last five years. The great cry conservative thinkers have against the game is that it has driven the light man to the woods except occasionally. There is deep rooted in Camp's mind the idea that more men back of the line to mask the ball will shoot the runner out toward the end and give the public the open play it likes to see. Under the present rules he believes the ends are too powerful.

## Chillingworth Leads.

In the shooting tournament being held by Woods & Sheldon, Chas. Chillingworth leads with a score of 87; Dan Renear is second with 85 and Harry Murray is third with 83. These scores are out of a possible 104 and show very good form for so early in the match. When the shooters get in more practice some large scores are sure to be made.

## Sportlets.

Jack Johnson has contracted to stop Marvin Hart in twenty rounds in San Francisco this month or take the short end of the purse.

The University of California is planning a magnificent permanent stadium like that at Harvard as one of her aims for the near future.

The Corinthian Club of London is to send an association football team to America the coming season to play a series of matches in the United States and Canada.

Bobby Walthour, recognized as the champion paced bicyclist of the world, together with seven other riders has been suspended for a year for quitting the six-day race recently held in New York.

Despite the enormous athletic receipts of Harvard the university is hard up athletically. The costly athletic fields, stadium and other equipment are eating up the dividends so that all support has been withdrawn.

## THE WORRIED WOMEN.

They say men must work and women must weep; but alas, in this too busy world women often have to work and weep at the same time. Their holidays are too few and their work heavy and monotonous. It makes them nervous and irritable. The depressed and worried woman loses her appetite and grows thin and feeble. Once in a while she has spells of palpitation and has to lie up for a day or two. If some disease like influenza or malarial fever happens to prevail she is almost certain to have an attack of it, and that often paves the way for chronic troubles of the throat, lungs and other organs; and there is no saying what the end may be. Let the tired and overladen woman rest as much as possible; and, above all, place at her command a bottle of

**WAMPOLE'S PREPARATION** a true and sure remedy for the ills and maladies of women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Search the world over and you will find nothing to equal it. Taken before meals it improves the nutritive value of ordinary foods by making them easier to assimilate, and has carried hope and good cheer into thousands of homes. It is absolutely reliable and effective in Nervous Dyspepsia, Impaired Nutrition, Low Vitality, Wasting Conditions, Melancholy, Chlorosis, Scrofula, and all troubles of the Throat and Lungs. Dr. E. J. Boyes says: "I have found it a preparation of great merit. In a recent case a patient gained nearly twenty pounds in two months' treatment, in which it was the principal remedial agent." It carries the guarantee of reliability and cannot fail or disappoint you. At chemists.

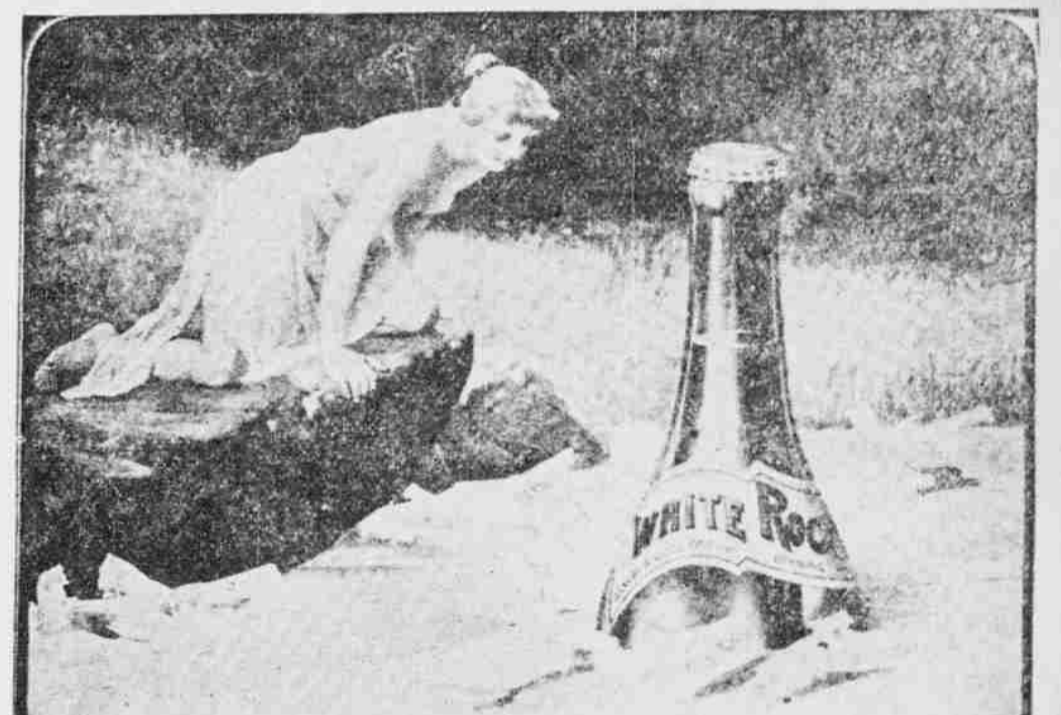

## Iroquois Wins.

The navy had a grand baseball match yesterday afternoon. The Iroquois team won by one run from the Petrels in the eleventh inning. Cusack of the marines played shortstop for the Iroquois.

The line up and score is as follows:  
Iroquois—Egging, catcher; Gardner, pitcher; Rearbon, first base; Hicks, second base; Rinberger, third base; Cusack, shortstop; Johnson, left field; Parr, right field; Stapleton, center field.  
Petrel — Aftayer, catcher. Robert Parr, pitcher; Yeager, first base; Jones, second base; Archer, third base; Stokes, shortstop; Milliton, left field; Roberts, right field; Sanove, center field.

## SCORE BY INNINGS.

	1	2	3	4	5	6	7	8	9	10	11
Petrel	0	1	0	0	2	1	0	0	0	0	0
Iroquois	0	0	1	0	0	4	0	0	0	1	1

No finer summer discovery can be made than an ice-bound bottle of sparkling
